

## SYSTEMrack - 2 post

The SYSTEMrack are designed for mounting of patch panels and shelf mounting equipments. It offers improved cable management, provide more space for networking equipments, fast assembly, and sturdy construction with each U-frame 2.5mm. Bases are moulded steel casting, and brings more stabilized heavy duty structure.

### FEATURES

- Each U-frame is made from 2.5mm. steel to provide sturdy construction and extra strength.

*-This U-frame can also be manufactured with aluminium alloy-*

26U U-frames(left+right)=7.5kg.

36U U-frames(left+right)=10.2kg.

42U U-frames(left+right)=11.8kg.

48U U-frames(left+right)=13kg.

- Each base unit is made from 7-6mm. casted steel and upper L connections are 5mm. casted steel for more stabilization.

Since the base and upper L parts are casted, it is designed for self-interlocking of all parts.

Bases (front and rear)=13kg.

Upper L parts (front and rear)=4kg.

- Each side of U-frame is punched in different shapes.

One side is punched with 9.5x9.5mm. square holes that allow to use with M5/M6 caged nuts.

Other side of U-frame is punched with m5 round holes that allow to use M6 self-tapping screws.

- Surface Treatment : Fosfat coating

- Painting : Ral9005-Black / Ral7035 light gray

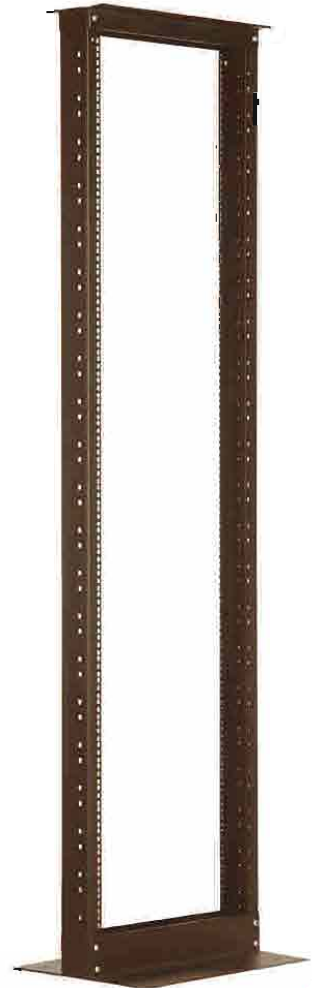

- Shipment Configuration:

2ea. U-frames (in defined U heights, 26U,36U,42U or 47U)

2ea. Base plates

2ea. Upper connection L parts

30ea. M6 self-tapping screws

### 19" SYSTEMRACK

Order No.	U (44,45 mm)	h Inside height (mm)	H outside height (mm)	flat package dimension (widthxh)
LR26U	26	1157 / 45.56"	1290 / 50.78"	1200*180*150
LR36U	36	1501 / 63"	1734 / 68.26"	1650*180*150
LR42U	42	1868 / 73.54"	2001 / 87.5"	1950*180*150
LR48U	48	2134.45 / 75.29"	2045.45 / 80.52"	2200*180*150

SYSTEMrack can be integrated with vertical cable management panels at left or/and right side of U-frames. These cable organisers are designed to handle extra large cable bundles. Organiser cover hides wires and cables and enhances appearance. Available in Ral9005-Black or Ral7035 light gray
